

# Senior Conservatives Concerned About America's Future

These hardworking senior donors, who love and care for America, are determined to better our nation and ensure a bright future for our children and their own.

The donors on this file believe personal decency and moral integrity are core American values and believe in the sanctity of the Constitution. These senior citizens stay abreast of current events and want to preserve Social Security and Medicare benefits, improve health care, and protect their retirement income.

This masterfile is made up of active conservatives who are anti-big government and are opposed to Washington politicians using Social Security to finance their wasteful government spending sprees! These direct mail prospects are a must test for senior issues, conservative advocacy, troop and veteran, and children's charities.
